About PROCEPT BioRobotics Corporation

PROCEPT BioRobotics' mission is to revolutionize BPH treatment globally in partnership with urologists by delivering best-in-class robotic solutions that positively impact patients and drive value. PROCEPT BioRobotics manufactures the AQUABEAM® and HYDROS™ Robotic Systems. The HYDROS Robotic System is the only AI-Powered, robotic technology that delivers Aquablation therapy. PROCEPT BioRobotics designed Aquablation therapy to deliver effective, safe, and durable outcomes for males suffering from lower urinary tract symptoms or LUTS, due to BPH that are independent of prostate size and shape or surgeon experience. BPH is the most common prostate disease and impacts approximately 40 million men in the United States. The Company has developed a significant and growing body of clinical evidence with over 150 peer-reviewed publications, supporting the benefits and clinical advantages of Aquablation therapy.
